PROFILES OF SUCCESS

Donna Vallone

Vallone Design was founded in 2001 by Donna Vallone, who made a name for herself as one of the top designers in Arizona throughout her more than 30-year career. Establishing Vallone Design with a vision of creating stunning and picturesque residential designs, Donna put together a team of award-winning designers with a range of artistic and talented expertise. Over the years, Vallone Design has expanded its portfolio to include commercial projects, becoming Arizona's premier interior design firm for golf clubhouses, private clubs and hotels.

As interior designers, Vallone Design's team captures the individual identity of a space while providing a residential, classic atmosphere to every project. It is our goal to foster a relationship that invites open communication, teamwork and attentiveness to our clients' needs, all while creating timeless interior designs.
